

Digiweb Delivers On Broadband, Calls And Hosting

Digiweb is one of the UK and Ireland's leading telecoms and Internet Services Providers, offering wireless and fixed broadband, telephony, and web hosting services.

Digiweb was the 2007 Irish Telecommunications Company of the Year, and 2007 Irish ICT Company of the Year, and has been ranked by Deloitte in the Top Three fastest-growing companies in Ireland for the past three years in the Technology Fast 50. Digiweb has also been ranked within the Top 100 companies by Deloitte for the past three years in Europe, Middle East and Africa.

Digiweb's networks are independently owned and run by Digiweb, employing 180 staff in Belfast, Dublin, Dundalk, Waterford and Limerick.

Digiweb is a leading provider in the Ireland and UK broadband markets having established an extensive wholly owned telecoms network.

The company also services clients throughout Europe for satellite broadband and managed services, and is developing wireless networks in a number of northern European countries.

Digiweb's Business Products

The added benefit of choosing Digiweb means that your services are delivered on business platforms and products

that are designed specifically for business users. Digiweb's dedicated business team can tailor a solution to suit your business whether you are a small business or IT manager in the corporate sector.

Three Great Services - Just One Bill

Digiweb offers the most competitive products in the broadband, voice and web hosting sector. Digiweb's expertise in these sectors means that our customers receive all the benefits of single billing and one expert point of contact.

Broadband

Digiweb offers super-fast broadband up to 10Mb, low contention, dedicated and customised solutions.

Web Hosting And Domain Registration

The most competitive rates in the Ireland and UK markets for shared, hosting domain registration, co-location and virtualisation.

Why Choose Digiweb

Digiweb's speedy solutions gives your company immediate results. Digiweb offers a wide range of solutions, so there's something for every company and we're happy to talk to you to deliver a solution that best fits your needs.

Here's how we are leading the crowd and leading the way.

- Digiweb has over ten years experience in the telecommunications market.
- Digiweb is the supplier of choice for some of the world's leading brands including Sony, Boylesports, and Tower Hotel Group.
- Digiweb is privately owned and operated, with our own independent network infrastructure.
- Digiweb uses an innovative mix of technologies to provide broadband and voice solutions using wireless, fibre, DSL and satellite platforms. We also have a world-class data centre that caters for everything from web hosting to server centric operations.
- We're not just about selling services, we've developed a specialised support centre to monitor and respond to everything we provide. We know business never sleeps, neither does our Control Centre, operating 24 hours a day, every day and manned by specialists.
